

END OF YEAR 2023 NEWS LETTER

Parent to,

_____ Class _____

Dear Sir/Madam,

Receive our heartfelt gratitude for your exceptional support in the year 2023.

Special appreciation to all Parent Academic Committee members for their selfless service and sacrifice of their valuable time and resources in supporting our learners.

We are breaking for the longest vacation ever. It is our advice and hope that you will keep it close with your child(ren).

As a progressive thinking institution, we have come up with child friendly programs that can keep your son/daughter engaged positively.

Soccer training programme

Our schools have partnered with Tradewinds Sports Development team to engage our boys and girls during the first 5 weeks of the vacation. This is a professional team that will be training interested boys and girls on basic football skills as a way of enhancing talent development. The team also infuses life skills in their training programmes hence the all round approach to benefit our children.

This is a precursor to a sports and talent development program that will be rolled out in 2024.

Family bonding program (family fun day)

This program is geared towards enhancing parents bonding with their children through fun filled activities. Besides, it will be a perfect opportunity for parents to connect and network over a meal (to be provided by the school).

Kindly register attendance through your child(ren's) class teacher for logistics and planning purposes.

2024 Booklist

Your son/daughter (Pre-School to Grade 6) has been given a book list, please do the purchases on time to avoid last minute rush.

NB

We have a book fund program for all Junior High School and Senior High School students, where the schools purchase the books for the students upon enrollment

School fees:

2023 has seen skyrocketing of fuel prices with whose ripple effect led to increase in cost of almost every commodity in Kenya. It has been a real struggle to sail through the year.

The increase in cost of living notwithstanding, the board of directors has decided not to increase fees but instead subsidize key areas of our fees notably, admission fee and meals charges, hence lowering the fees for academic year 2024.

We hope this gesture will be reciprocated by paying your fees on time as well as increasing our enrollment.

A fee invoice for your son/daughter is herein attached. Pay your child's full school fees before 31st December and get yourself a 5% discount on tuition fees.

Merry Christmas and a Prosperous New Year 2024 full of Gods blessings.
